

SEED TREATMENT ▪ BIOLOGICALS

SEED TREATERS ▪ BULK SYSTEMS

WHO WE ARE

An independent, family-owned agriculture company. We're based out of Omaha, NE, but our service area covers the entire country.

WHAT WE DO

Provide growers, seed dealers and growing seed companies with any and all things seed treating. From treatment to treaters, conveyors, bins, entire bulk seed systems and more, we have what you need to harvest success.

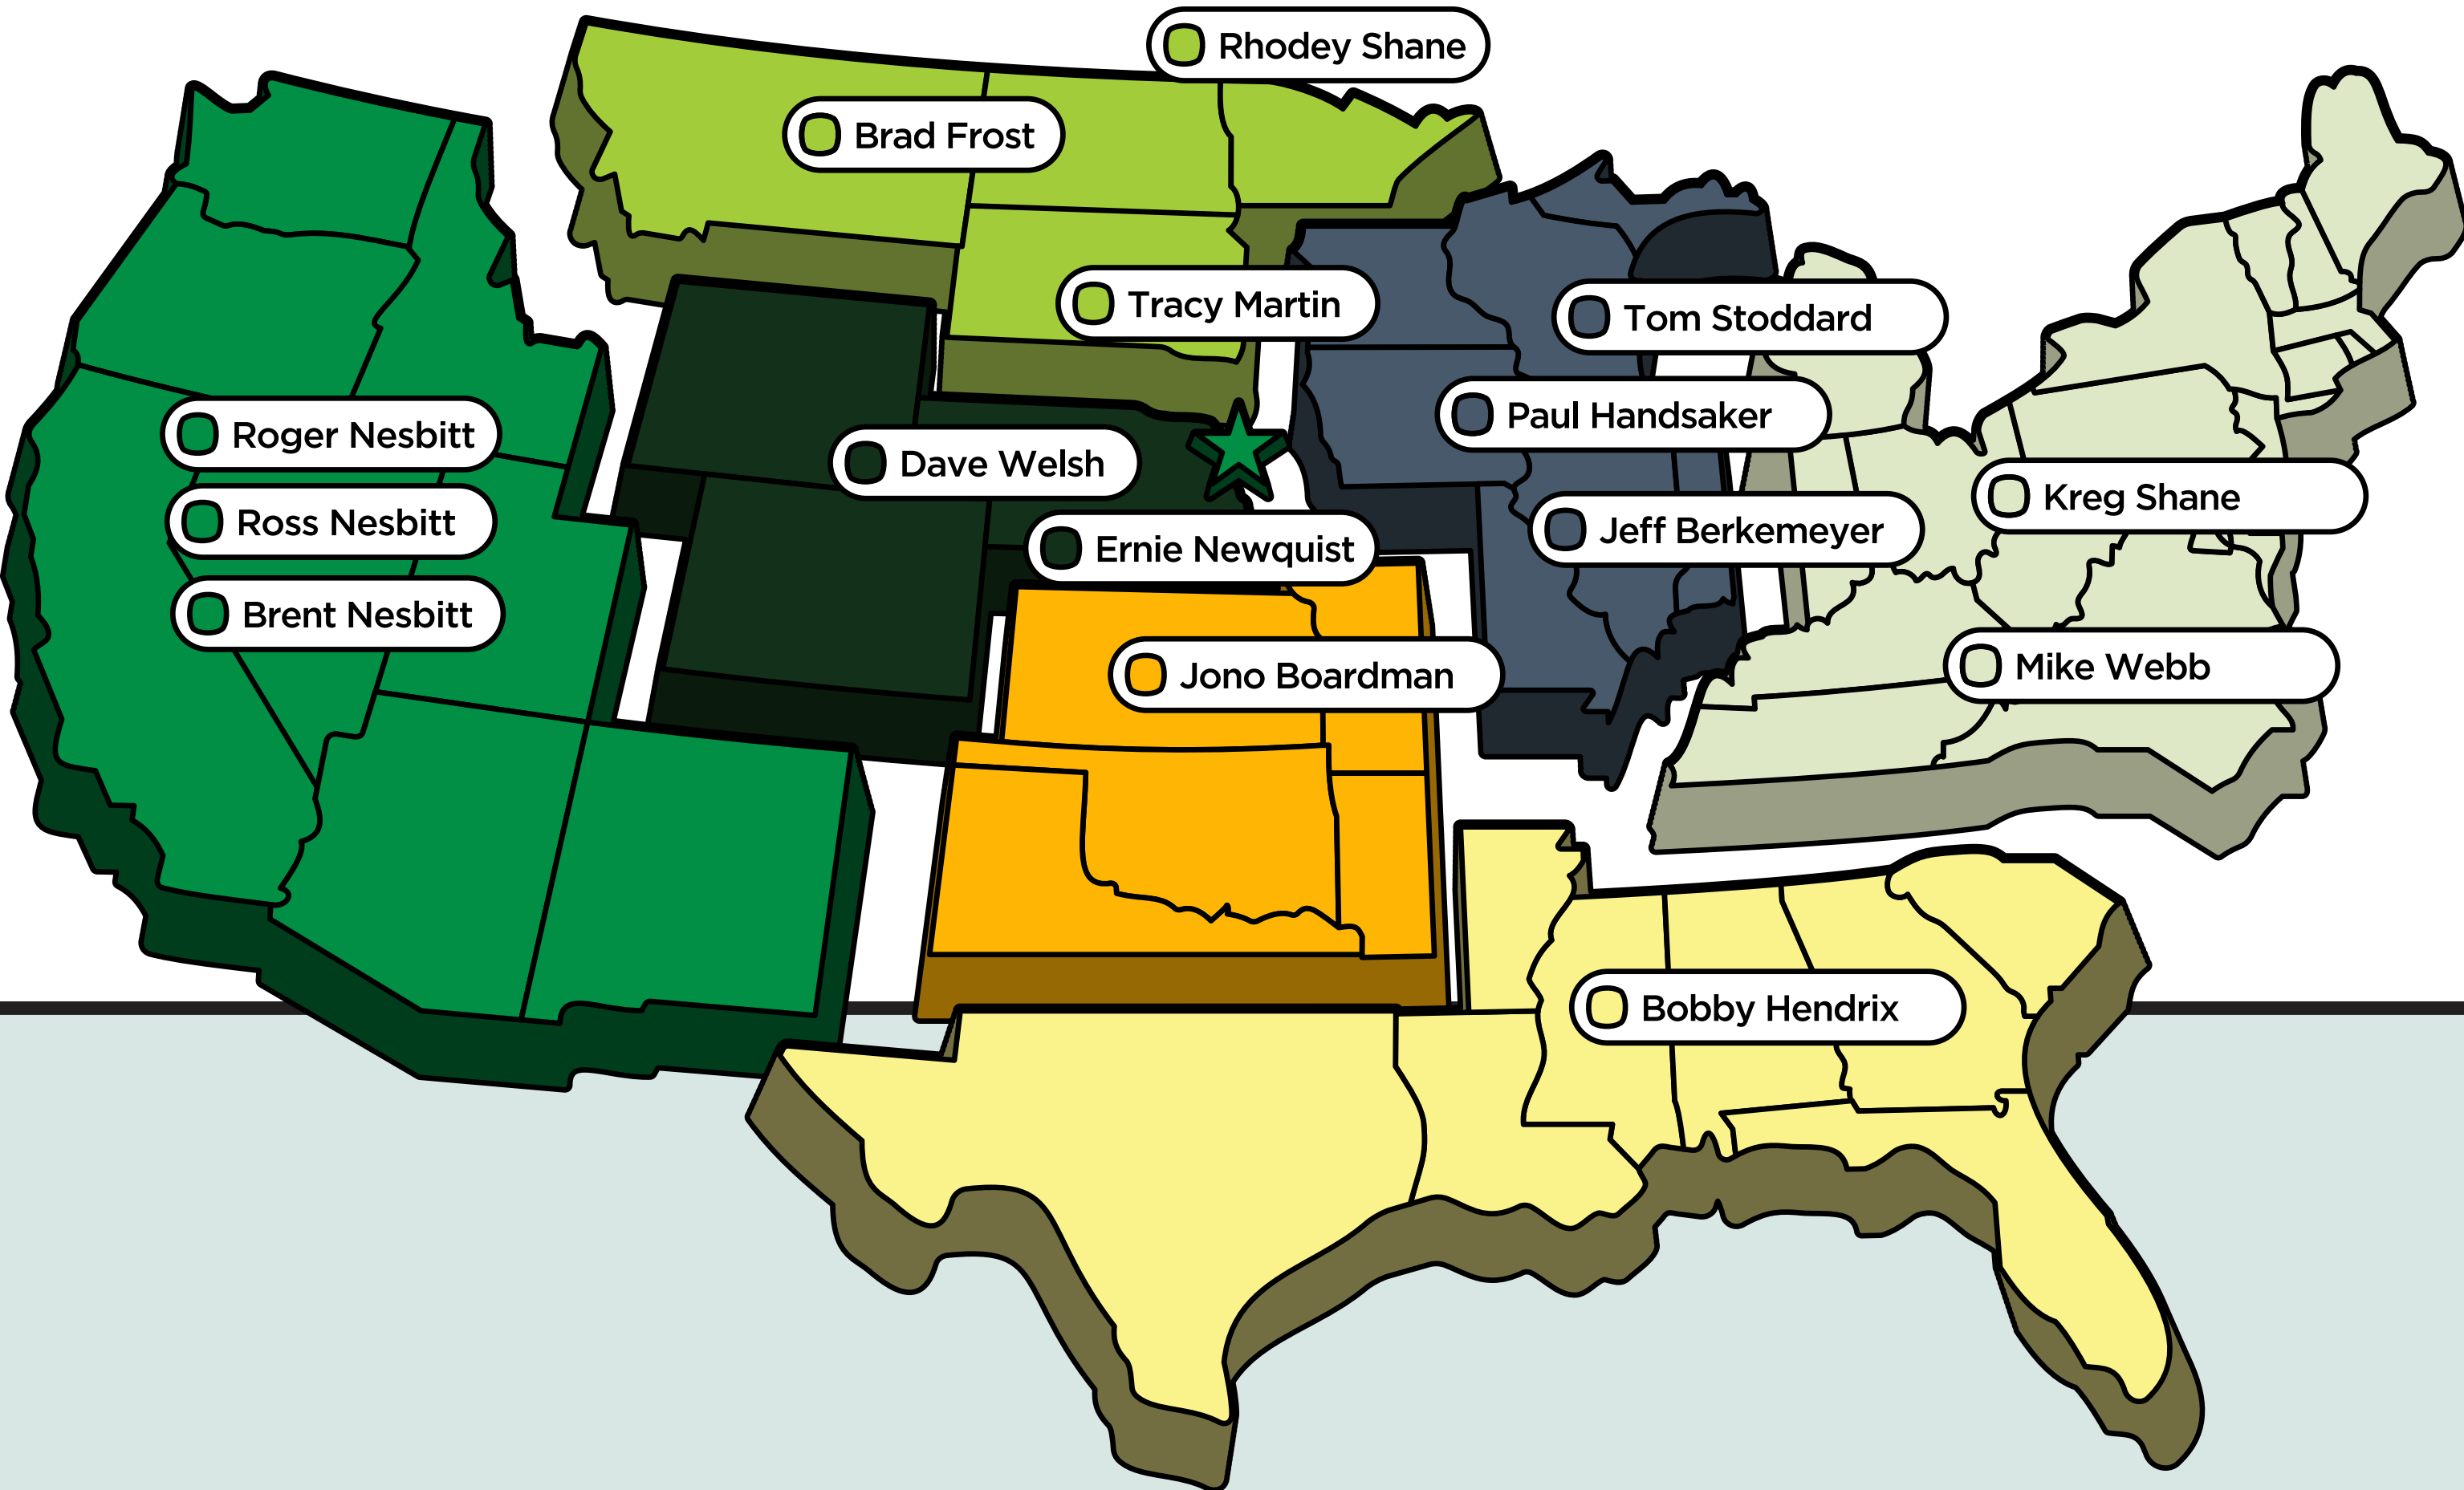

-  15 years in business
-  200+ years combined experience
-  6 million+ miles driven per year servicing customers
-  2000+ customers served
-  30 million+ acres treated
-  75+ custom treatment options

Fungicide+Insecticide
SOYBEANS

Product	Rate (fl oz/cwt)	Chemical Type	What It Controls
Anchor TM 3L ST	0.64	Fungicide	High rates of Phytophthora, Pythium
Thiabendazole 4L ST	0.20	Fungicide	Fusarium, Rhizoctonia, Stem Blight, Molds, Stem Rot, Seed Decay & more
Azoxystrobin 100 ST	0.30	Fungicide	Higher rates of Rhizoctonia, Fusarium, White Mold, Brown Spot, Seed & Soil Fungi, Damping Off, Seeding Blight (Dynasty)
T-Methyl 4.5L ST	0.20	Fungicide	High rate of Rhizoctonia, Seed Decay Fungi, Junk Fungi, Phytophthora, Pythium
Legend TM 5L ST	1.28	Insecticide	Bean Leaf Beetle, Wireworm, Seed Corn Maggot, Aphids
Red Color	0.74	Colorant	Vibrant, striking appearance
Polymer	0.24	Polymer	Improved flowability and dust-off protection

Total Use Rate: **3.60 fl. oz/cwt**

PACKAGE SIZES: 15 gal keg (treats 1,067 units)
30 gal keg (treats 2,133 units)

SURPASS

120-DAY-ON-SEED INOCULANT

SUPER-CONCENTRATED LIQUID INOCULANT

Surpass contains 10 Billion active Bradyrhizobium japonicum per milliliter. This high concentration allows for maximum nodulation and nitrogen fixation.

LOW VISCOSITY EXTENDER

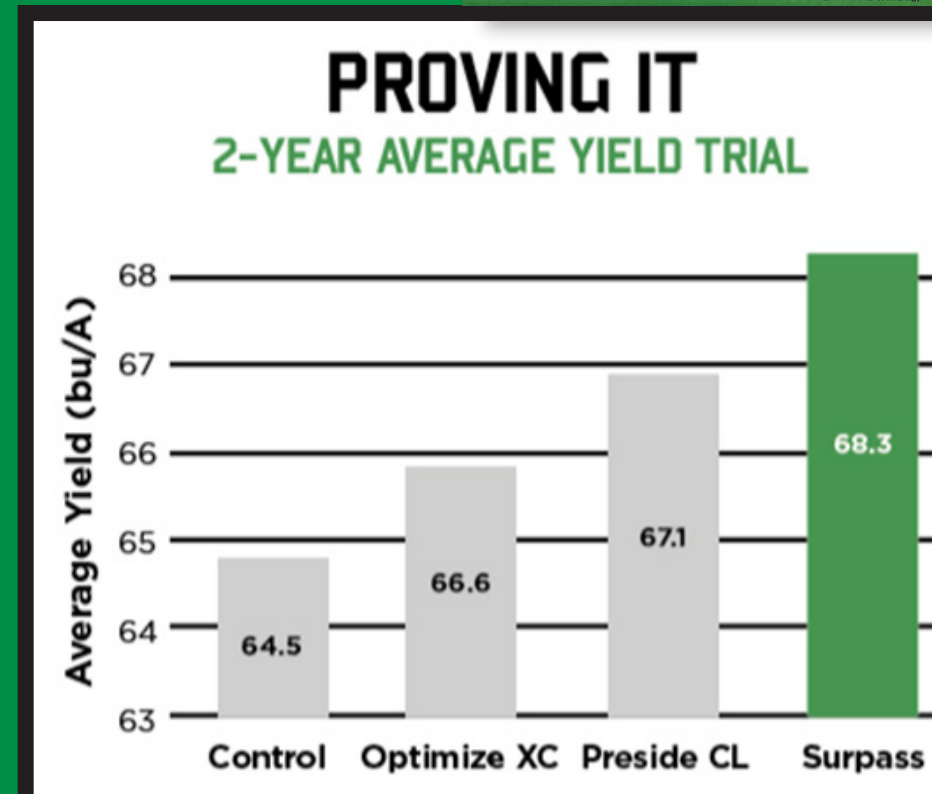

Surpass is over 70% thinner than the leading brands of extender on the market. This eliminates treatment system problems and bridging or clumping of seed. And it protects against fungus, mosaic virus, stem wilt, damp-off, early and late blight and mold.

BIOLOGICAL BOOST & NEMATODE SUPPRESSION

Surpass's unique formulation includes beneficial biologicals that promote root health and suppress harmful nematodes. This double action helps your plants thrive and reduces the risk of crop damage.

REPLANT & RETURN PROTECTION

Our replant and return policy ensures that you'll always have access to fresh product, even if your planting plans change. If your crop is damaged or lost due to unforeseen circumstances, we'll work with you to find a solution.

Minimum Guarantee	10 billion cells per ml (1x10 ¹⁰)
CFUs per seed based on 3,000 seed per cwt	2,111,000
Application Rate	2 fl oz/cwt
Shelf Life	One Season
Untreated Days on Seed	120 days
Package Configuration	2x250 4x50

UAS BENEFITS	
Biological Boost	✓
Nematode Suppression	✓
Low Viscosity Extender	✓
Replant Program Available	✓
Return Program Available	✓

LOW ON-SEED APPLICATION RATE

- 2.0 fl oz/cwt when combined with the application of a seed treatment*
- 1.0 fl oz/140,000 seeds

*When used alone add non-chlorinated water for a total application rate to 5.0 fluid oz/cwt
